

# How to enable to Classic Console in New Version of Snowflakes?

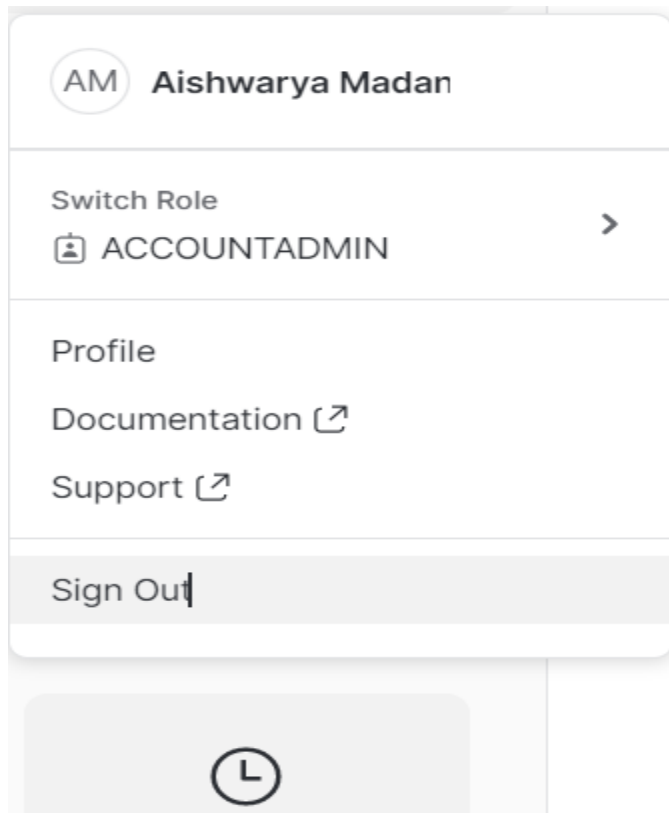

## 1.)Go to Account Admin

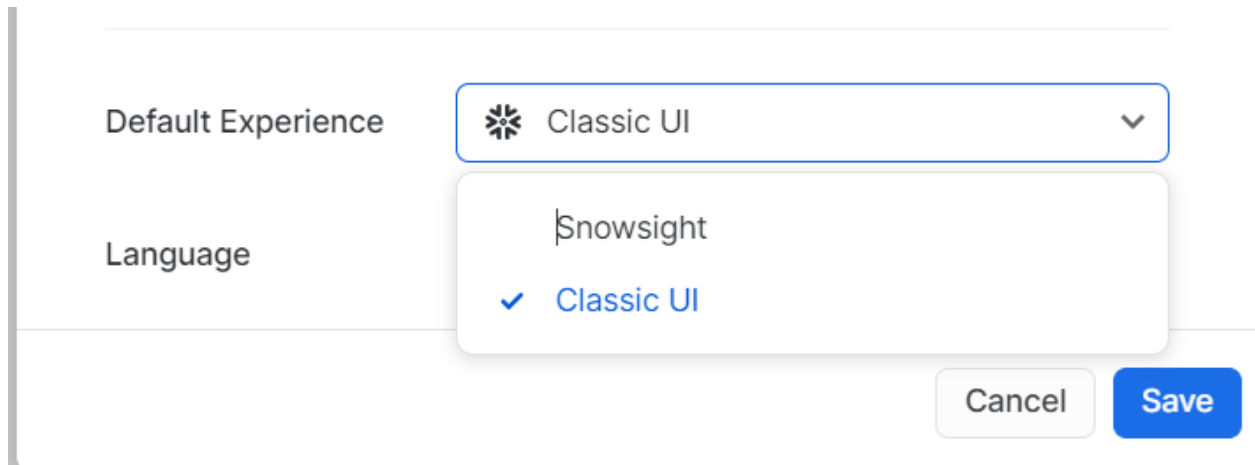

The screenshot displays the Snowflake Account Admin interface. On the left sidebar, the user 'Aishwarya Mad...' is logged in as 'ACCOUNTADMIN'. The 'Worksheets' tab is selected in the sidebar. The main content area shows a table of worksheets. The table has columns for 'TITLE', 'VIEWED', 'UPDATED', and 'ROLE'. Two worksheets are listed: one created on 2022-10-17 at 11:59pm and another on 2022-10-16 at 12:51am, both created by 'ACCOUNTADMIN'. A trial status banner at the bottom left indicates '43 days left in trial' with an 'Upgrade' button. Search and '+ Worksheet' buttons are visible in the top right of the main area.

TITLE	VIEWED ↓	UPDATED	ROLE
2022-10-17 11:59pm	just now	just now	ACCOUNTADMIN
2022-10-16 12:51am	1 day ago	1 day ago	ACCOUNTADMIN

## 2.)Then go to Profile

**3.)Then under Profile section,select Classic UI**

**4.)Then Click on Save.**

*Once Saved just sign out then again sign in.*

Snowflake

Select an account to sign into

UO73914

[Sign into a different account](#)

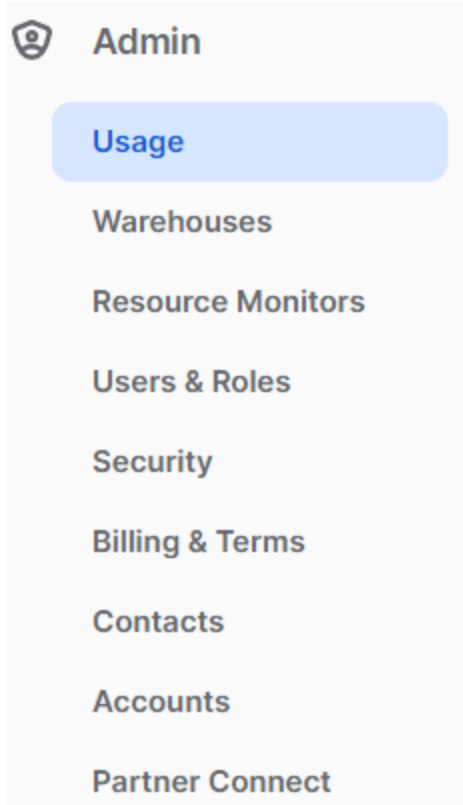

or

Sign up

*Click on the code then sign in.*

*You will get the same UI but no worries.*

**Go to ADMIN**

**Then click on Accounts.**

ACCOUNT <a href="#">↑</a>	EDITION	CLOUD	REGION	CREATED	LOCATOR
U073914	Standard	AWS	Asia Pacific (Singapore)	1 day ago	NR16902

**Then click on account and then Copy the link.  
Then reopen it to a new tab.**

## Get more done with the Snowsight UI!

The new UI gives you access to features not available in your current experience, including:

- Searching your entire account for previous code snippets
- Intelligent typing with SQL autocomplete
- Creating and sharing visualizations
- Pre-built usage and ingestion dashboards
- Third-party data in the Marketplace
- Support within Snowflake
- and much more...

You can return to the classic interface at any time.

Remind me later

Go to New UI

Query results will appear here.

## BINGO!!!You have successfully enabled to Classic Console!!!
